

13-18 SEPTEMBER 2015, EL SALER (VALENCIA, SPAIN)

SSNR2015 will provide in depth education on advanced procedures for neurorehabilitation of motor dysfunction following stroke, SCI, CP and other neurological conditions, covering practical applications based on neuroprosthetics, robotics interfaces and other combinational and technological approaches. World-class experts in various related disciplines will deliver plenary talks and a set of hands-on workshops will be organized.

PLENARY SPEAKERS (CONFIRMED)

METIN AKAY (University of Houston, USA)
 JOSÉ CARMENA (University of Berkeley, USA)
 GREGOIRE COURTINE (EPFL, Switzerland)
 VOLKER DIETZ (Balgrist University Hospital, Switzerland)
 BERNHARD GRAIMANN (Otto Bock HealthCare GmbH, Germany)
 DAVID GUIRAUD (INRIA, University of Montpellier, France)
 BIN HE (University of Minnesota, USA)
 ILSE JONKERS (Katholieke Universiteit Leuven, Belgium)
 HERMANO IGO KREBS (MIT, USA)
 SILVESTRO MICERA (Scuola Superiore Sant'Anna and EPFL)
 ERIC PERREAULT (Northwestern University, USA)
 DEJAN POPOVIC (Belgrade Serbia and Aalborg University)
 ZEV RYMER (Northwestern University, USA)
 AIKO K. THOMPSON (Medical University of South Carolina, USA)
 JONATHAN WOLPAW (Wadsworth Center, USA)

WORKSHOPS

NEURAL INTERFACES &
WEARABLE ROBOTICS IN
REHABILITATION

J.L. Pons (CSIC)
 J.L. Contreras (U. Houston)
 G.E. Francisco (UTHealth)

MUSCLE SYNERGIES

D. Torricelli (CSIC)

FES

T. Keller (Tecnalia)

(TENTATIVE)

VIRTUAL REHABILITATION
 B. Lange (U. Southern California)

NEUROMUSCULOSKELETAL
 MODELLING

M. Sartori (U. Göttingen)
 M. Reggiani (U. Padova)

BCIs

A. Espinosa (GTEC)

OPERANT CONDITIONING OF
 SPINAL REFLEXES IN HUMAN
 SUBJECTS

A. Thompson (MUSC)
 J. Wolpaw (Wadsworth Center)

DEADLINES

Early Application: March 31
 Early Payment: May 15
 Final Application: May 15
 Final Payment: July 1
